Accept payments anywhere with SkyTab Solo!

Do you need to process payments for curbside pickup and delivery due to the impact of the COVID-19 crisis? Introducing SkyTab Solo, a standalone payments terminal that can be used no matter who your payment processor is or what POS system you are currently using! The best part is that we are offering this tool completely free for a limited time!

SkyTab Solo benefits include:

- **Free hardware and all SkyTab fees waived for three months**
- **Easy-to-use software**
- **Plug and play setup – works right out of the box**
- **Supports WiFi and 4G – with all mobile data fees waived for three months**

Contact us for more details on how we can ease your transition to take more takeout and delivery orders!
