

SpotOn Restaurant.

spoton.com

Maximize sales and make life easier for your entire staff with an end-to-end solution that is far more than your ordinary POS.

\$1.875 billion evaluation
following \$125 million Series D funding round led by Andreessen Horowitz.

Empowering restaurants through thick and thin.

"In a very tough time for restaurants, SpotOn has gone above and beyond. Their ability to create an online ordering system on our website has provided efficiency and the ability to maintain social distancing during the COVID-19 pandemic."

-Kevin Youkilis, Loma Brewing Company

"SpotOn continues to be an exceptional partner for us. We are confident we have a partner who is dedicated to our success and will be instrumental as we navigate the future of dine-in."

-Ben Pryor, Director of Innovation at Dewey's Pizza

"Finally, after 30 years in the restaurant industry, we have a POS system that has taken our operations to the next level. Our initial install (which took one day) was seamless and by far the easiest that we have ever experienced. At the top of our list of why we are true believers in SpotOn is their amazing support and team."

-Ray Villaman, President and owner of Tahoe Restaurant Group

"SpotOn has been instrumental in equipping our restaurants nationwide with the technology we need to thrive and gain a competitive advantage in a fast-changing industry."

-John Lanni, Thunderdome Restaurant Group

"Over the course of five years, similar companies have approached us but we've always stuck with SpotOn because of the branded loyalty program they offer and the outstanding customer service we get from their whole team."

-Victoria Valdes, Pinecrest Bakery

Partner with a team dedicated to your success.

We care

When the coronavirus pandemic struck, instead of laying off our support staff like other providers, we further invested in our restaurant clients:

- ✓ Expanded our support and implementation teams to provide even better service
- ✓ Gave back \$1.5M+ to our restaurant clients in the form of waived software fees
- ✓ Rapidly deployed new technology for restaurants to adapt to the new normal

We always go the extra mile for you

Your restaurant business is unique, and there's no one-size-fits-all solution. That's why we:

- ✓ Work closely with you to configure a custom system that optimizes your business
- ✓ Help you every step of the way, including being on-site for installation, training, and assisting your team on launch day
- ✓ Provide 24/7/365 technical support, and are always ready to expand your system as your business grows

We are never finished innovating

The restaurant industry will continue to rapidly change, and we're dedicated to making sure you always have the technology to stay ahead of the curve, including by:

- ✓ Improving our best-in-class reporting, so you always have the best data available to make smarter decisions
- ✓ Enabling new revenue opportunities for your business, so you have more ways to connect with guests and improve sales
- ✓ Streamlining every aspect of restaurant operations, so you can run and grow your business with a single platform instead of a dozen disconnected technologies

Built for you.

Software

Get an end-to-end solution that is tailor-made with all the features you need to maximize throughput, grow revenue, and improve your guest experience.

Point of Sale

Fast, easy to use, and fully customizable for tableside service, counter service, and everything in between.

Integrated online-ordering & dine-In ordering.

Increase sales, reduce labor costs, and improve throughput with digital solutions for take-out, delivery, and on-premise dining that are fully integrated with your POS.

- Save huge compared to third-party delivery services
- Boost average ticket price by 18% and guest loyalty by 67% on average
- Own your guest data to retarget guests and improve retention
- Promote contactless payments and dining experiences
- Interact with orders in real-time right from your POS
- Drive repeat visits with integrated loyalty rewards

Online Ordering - Let customers order take-out and delivery directly from your website

Dine-in Ordering - Go contactless by having guests scan a code at the table to order and pay with their phone

QR Receipt - Let full-service guests scan a code on their receipt to pay contactlessly with their phone

E-Gift Cards - Boost online orders and grow your customer base

SpotOn Delivery, Powered by DoorDash - Offer delivery for online orders using DoorDash's reliable network of drivers, with reduced fees, and still own your customer data

ItsaCheckmate - Ditch the tablets and funnel orders from third-party delivery services directly into your POS, including UberEats, Grubhub, Postmates, and more

Software integrations.

With SpotOn Restaurant, you're getting an end-to-end platform to better run and grow your business, but we are always happy to help you integrate your POS system with third-party software, including:

Restaurant advisory board.

Comprised of highly respected restaurant owners, investors, and entrepreneurs, SpotOn's Restaurant Advisory Board provides real-world expertise, guidance, and feedback so we can continually provide you with the smartest tools to run your business.
