- **\$200 Billion+** Processed Annually*
- **200,000+** Current Customers
- **7,000+** Sales Partners

A Single Source for All Your Payments Needs.

Shift4 Payments provides a complete ecosystem of solutions that can add significant value for any business, including:

Merchant Services

By combining payment services, you'll be able to cut costs to save money across the board. This includes free EMV devices and waived gateway setup and transaction fees.

Secure Payment Platform

Our world-class payment processing platform includes the layered security of EMV, tokenization, and PCI-validated P2PE as well as advanced auditing and reporting capabilities.

Software Integration

Shift4 is fully integrated with hundreds of the leading POS and PMS platforms for a seamless payments experience.

EMV Devices

We provide P2PE-enabled EMV terminals from the leading manufacturers - included free of charge with our end-to-end payment solution!

Business Intelligence

Our Lighthouse™ Business Management System offers numerous reporting capabilities and customer engagement tools, giving you complete control over your business.

What Are the Benefits of End-to-End Payment Processing?

Businesses of all kinds can save time and money by getting all their payment processing services directly from Shift4.

- ✓ Free EMV devices for each workstation, with lifetime free replacement
- ✓ A single point of support for all areas of payments — available 24/7/365
- ✓ Waived gateway setup and transaction fees
- ✓ Access to the latest payments technology to keep your business future proof

Mobile & Contactless Technologies

SkyTab Mobile Terminals

Our innovative SkyTab® mobile solution enables you to accept payment anywhere: at the table, curbside, or on the road for delivery.

QR Pay™

Our touch-free QR code payment option allows customers to simply scan a unique code with their smartphone and complete the payment on their phone.

Free Contactless Payment Terminals

We offer free payment terminals that support contactless NFC transactions, including Apple Pay, Google Pay, and Samsung Pay.

And much more!
