

## SpotOn Order.

Save money, simplify operations, and own your guest data, with the all-in-one mobile & online ordering platform.

Keep your guests fed and revenue rolling in with these built-in tools.

**Online ordering.** Let customers order take-out and delivery directly from your website

**Order with Google.** Enable guests to place orders directly from Google Search and Google Maps

**Order Pacing.** Manage incoming orders based on kitchen capacity

**E-Gift cards.** Boost online orders and grow your customer base

**QR ordering.** Serve more dine-in guests with mobile QR code order- and pay-at-the-table

**Account creation and login.** Customers can quickly reorder, view their loyalty balance, and save their card information

**Text message notifications.** Update your customers by sending messages back and forth between the POS and the customer's mobile device

**SpotOn Delivery, powered by DoorDash.**

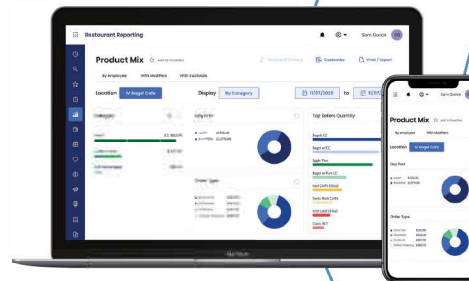

Get reduced fees when you offer delivery services for online orders using DoorDash's reliable network of drivers. Plus you'll still own your customer data

## SpotOn Reserve

Book more reservations, serve more guests, and increase profits, all while delivering a VIP customer experience
